Petition Deficiency Notice and Out of District Transfers (WO 5642) [Court Users]

Out of district transfers received from Western Kentucky Bankruptcy Court require a deficiency notice for pay advices, and the petition deficiency notice was not set up to work with out of district transfers. (Pay advices in Kentucky are sent directly to the trustee and are not docketed.) Since the petition deficiency deadlines are auto-set for 14 days from the date the petition is filed, the petition deficiency notice event was updated to set the due date for 14 days from the date it's issued on transfer cases. Also, if anything other than pay advices is missing from the filing, a regular deficiency notice will be issued from the same event.
