

Fee Increases Effective 5/1/13 (WO 5566) [All Users]

Effective 5/1/13, the reopening fee for chapter 9 and chapter 15 cases will increase to \$1167.00, and a \$25.00 fee will be required for filing transfers of claims.

Agreed Entry Resolving an Issue (WO 5682) [All Users]

The Agreed Entry Resolving an Issue event may not be used to resolve an adversary, and this event may no longer be related to the original complaint entry. Users will be stopped with a message stating that the appropriate events to resolve an adversary proceeding are a motion, notice, or stipulation of dismissal, or an agreed consent to judgment.

Transfers of Claims (WO 2406) [All Users]

The Transfer of Claim events have been modified to include the new \$25.00 filing fee. Other changes: a function has been added that automatically replaces the original claimant (transferor) with the party receiving the claim (transferee) on the claims register; a new notice along with a copy of the transfer will be issued by the Court for all transfers; outside filers will see new screens during filing.
