

Amended Motion Question (WO 5855) [Outside Users]

When attorneys or trustees file a motion, they are prompted to indicate if the motion is being amended by selecting a yes or no radio button. The prompt was not set up as a question, but that has been changed. Outside filers who file motions will now be asked, "Is this an amended motion?"

Application for Payment of Unclaimed Funds (WO 5727) [All Users]

Multiple documents are required to be filed with an Application for Payment of Unclaimed Funds. The event has been updated to add a message and provide a link to the Court's webpage for instructions on filing these applications.

Order Confirming Chapter 13 Plan (WO 5820) [All Users]

The standard distribution language has been removed from docket text for the Order Confirming Chapter 13 Plan event, with the exception of pro se cases in the Indianapolis, Terre Haute, and New Albany divisions. For those pro se cases, the Clerk's Office will distribute the order which docket text will reflect.

Claims Menu (WO 5857) [Internal Revenue Service]

The IRS files claims using an automated program, but prior to filing claims they have to verify that their correct address is listed on each case. Access to the Claims menu was missing. The menu program has been updated to add back the missing Claims menu so the IRS can once again access creditor information prior to filing claims.

Order on Motion to Dismiss Party (WO 5858) [Court Users]

This order was not set up correctly if the order was docketed from the Signed Orders Report; i.e., the event asked the user to select text to be added to an SDO. The event has been updated, and users are only asked to select SDO text if an SDO is being issued.
