

## **Order Distribution Information Duplicated in Docket Text (WO 5894) [All Users]**

The relief from stay and abandonment events are combined events, and docket text needs to be adjusted to remove duplicate docket text. The order events for the corrected relief from stay and abandonment were displaying the order distribution language twice. The events have been updated and the information now only appears once.

---

## **Non-Court Users Receiving Email Docket Entry (WO 5892) [All Users]**

Certain events are set up to send emails to chambers and other court staff at the time of filing. If the judge has not yet been appointed, an Awaiting Email status is set. When the judge is appointed, the email is issued and a entry is docketed stating that the email was issued. Recently, it was reported that the email docket entry was going to non-court electronic users in error. The program has been updated and only court users will receive the email notification.

---

## **Notice of Financial Management Requirement (WO 5771) [Court Users]**

This notice is issued automatically to chapter 7 and 13 debtors if the Financial Management Certificate is not filed timely. Although the notice was also sent to electronic users, the electronic users did not appear on the BNC Certificate of Service for the notice. The program has been updated and electronic users now appear on the certificate of service.
