## **Updated Local Rules Effective 10/27/14 (WOs 6148 - 6150, 6152, 6153) [All Users]**

For details on Local Rule updates, see [General Order 14-0004](#).

## **Proof of Claim Deadlines and Chapter 7 Cases (WO 6138) [All Users]**

Filers can designate their bankruptcy case as having assets at the time of filing. If filed as an asset case, the 341 meeting notice includes a proof of claim deadline. If the trustee later files a Report of Possible Assets, a new proof of claim deadline should not be set. The Notice of Possible Assets event has been updated to look for previously set deadlines so a new deadline won't be set.

---

## **Withdrawal of Claim Warning Message (WO 6144) [All Users]**

If an objection to claim has been filed, that claim may only be withdrawn by filing a motion. A warning message about the proper way to withdraw a claim has been added to the Notice of Withdrawal of Claim event used by limited users. (The event used by other users already included the warning message.)

---

## **Letter/Correspondence Event (WO 6168) [All Users]**

The Letter/Correspondence event has been removed from public menus and is now only available to court users.

---

## **Notice of Ineligibility (WO 6181) [JJG Chambers]**

The Notice of Ineligibility for Discharge event has been updated to send an email to Judge Graham's chambers when the notice is filed in one of his cases.

---

## **Conversions and Pending Relief from Stay Motions (WO 6145) [Court Users]**

The conversion order events and the conversion utility event have been updated to only display the message about issuing a notice to the trustee if a relief from stay motion is pending when the case is converting to a chapter 7.

---

## **EditAutoAssign and Conflict Checking (WO 6172) [Court Users]**

The program that checks for conflicts wasn't working correctly when assigning a new trustee to an existing case. The program has been updated and is now working correctly.
