

Motion to Reopen re: Pro Se Filers (WO 6180) [Court Users]

When a debtor files a Motion to Reopen Bankruptcy Case pro se, any prior attorney is terminated and the debtor's phone number is required. The event has been updated to ask court users if an attorney needs to be terminated and if the phone number notice needs to be issued. When an attorney is terminated, docket text reflects this fact and the attorney will receive an NEF. When the phone number notice is issued, docket text reflects this fact. The Phone Number Notice to Pro Se Party event has been updated to allow use with bankruptcy cases.

Centralized Servers re: ePOC/eWOC (WO 6159) [Court Users]

While testing the centralized servers, an existing bug was found in the Electronic Proof of Claim (ePOC) and Electronic Withdrawal of Claim (eWOC) programs. These updated programs are being moved to LIVE now, and this WO remains open until the Centralized Server Testing is completed.
