

Record on Appeal (WO 6293) [Court Users]

There is no longer a size restriction when creating a Record on Appeal. Once the file has been created, the user will then use Adobe Professional to split the file into more manageable sizes for transmission to District Court.

IsValue and IsVariable Functions (WO 2088) [Court Users]

The locally developed IsVal and IsVar functions are being merged with the national IsValue and IsVariable functions, and small groups of updated events are being periodically moved to LIVE. Users should not notice any changes to the updated events, but if problems occur, contact Bill Flemmer. Updated utility events:

- Convert Case
- Flags - Add - Remove
- Case Notes
- Corrective Entry - Case Information
- Deadline – Terminate

NOTE: The Corrective Entry – Request for Correction event is no longer used and has been retired.
