

## **Form Headers (WOs 2093, 3688, 6258) [All Users]**

Form headers have been updated so that forms issued by the court will now correctly display headers for the following situations:

- Adversary proceedings with cross-claim, counterclaim, and third party participants
  - Miscellaneous proceedings
  - Discharges issued on jointly administered and consolidated cases
- 

## **QCing Discharges (WO 5726) [Court Users]**

The discharge event was updated to stop auto-QCing manually-processed discharges. CMAssist will be updated to pull in only 10% of all discharges (manual and auto-issued) for review.

## **QCing Claims re: Bug Fix (WO 6292) [Court Users]**

The Claims Upload program, which is currently only used by the IRS to file claims, was not updated to auto-QC claims. The program has now been fixed, and IRS claims filed through Claims Upload will be auto-QCed going forward.
