

Order Approving Disclosure Statement Form & Event (WO 6262) [All Users]

The Order Approving Disclosure Statement, Scheduling Confirmation Hearing, and Fixing Filing Deadlines form has been updated to a more standard format. Changes to the event and form allow courtroom deputies more control over dates.

Payment Change Events (WO 6479) [All Users]

To help users select the correct event, the Notice of Payment Change and the Notice of Exception to Filing Notices of Payment Change events have been updated so that they are located on the same menus and displayed consecutively. A warning message has been added to the exception event to alert users to the possibility of having selected the incorrect event.

Agreed Entry Resolving an Issue re: Chapter 13 Cases (WO 6497) [All Users]

The Agreed Entry Resolving an Issue event should not be used to resolve problems with chapter 13 plans and any objections thereto. The event has been updated to prevent filers from relating it to an existing chapter 13 plan, amended plan, or objection to confirmation. An informational message was added giving filers more options; e.g., filing an amended plan, withdrawing an objection to confirmation, etc.

Old Form References (WO 6487) [Court Users]

Two events were updated to change form codes/question numbering to match forms updated 12/1/15. The Order on Motion to Reopen Bankruptcy Case event referenced Form 23 instead of 423. The Miscellaneous Deficiency Notice event referenced incorrect question numbers (11 and/or 12 instead of 10) for the Reaffirmation Agreement Cover Sheet.
