

Third-Party Complaints, Cross-claims, Counterclaims (WO 6498) [All Users]

The Third-Party Complaint event didn't work correctly from the Defendant's Initial Pleadings menu; event has been corrected. Attorneys were not being auto-linked to the parties they represent when a Third-Party Complaint, a Cross-claim, or a Counterclaim was filed. The program has been updated and the attorney-party links are now set correctly.
