

## **Motion to Surcharge Creditor Event (WO 6534) [Trustees]**

This event was only available for use by chapter 11 debtors, but has now been updated for use by case trustees.

---

## **Set UST Flag on Certain Events (WO 6525) [U.S. Trustee]**

The UST flag, which allows documents to be routed to the U.S. Trustee upon filing in ECF, has been added to the Motion to Sell and Motion to Abandon events and their related orders.

---

## **Proposed Order Docket Link (WO 6531) [All Users]**

Proposed orders can be viewed from the docket by clicking on the E-Orders link displayed next to the document number, but a programming change now limits access to view orders to case participants. The change was made per the Administrative Office's recommendation.

---

## **Determine Eligibility for Free or Low Cost Legal Assistance (WO 6472) [All Users]**

The Court and the Indianapolis Bar Association have worked together to develop a new program to help debtors determine if they are eligible for free or low cost legal assistance. A link is now available on the Court's website.

---

## **Automated Requests for Discharge (WO 6045) [All Users]**

A new program is available for debtors to request copies of their discharge via email. A link to the new program is now available on the Court's website.

---

## **Remove Warning Messages from Signed Orders Report (WO 6515) [Court Users]**

Messages warning users to verify that a stamped order shows the correct signing date have been removed from the Signed Orders Report. The messages were put in place when programming changes were made and are no longer needed as orders always have the correct date.

---

## **Order Wasn't Uploaded During Docketing (WO 6451) [Court Users]**

An event under development was moved to LIVE and a missing document upload function (doc DPF) prevented orders from being uploaded during docketing. The affected docket entries were corrected when the error occurred. A programming change is going LIVE to prevent orders from being docketed if the doc DPF is missing.

---

## **Closing a Miscellaneous Proceeding (WO 6527) [Statistics]**

When a miscellaneous proceeding was closed, the termination date was not being set in the SardAp database, causing statistical data to go missing. The problem has been resolved and closing dates are now set correctly.

---

## **Email Chambers upon Filing of Application to Employ (WO 6510) [Chambers]**

When an Application to Employ is filed in a chapter 11 case, an email is sent to chambers alerting them to the filing.
